Michael Kloefkorn

Architect

- Architect, Licensed in the State of Colorado
- LEED Accredited Professional (Legacy)
- LEED for Homes Accredited Professional
- Certified Green Building Professional
- Certified GreenPoint Rater
- Technical Advisor Committee Member, Multi Family Green Building Guidelines

EDUCATION

Cal Poly State University, San Luis Obispo, CA; B. Architecture, 1994

FIRM RESPONSIBILITIES

Associate oversight of multiple projects from feasibility & entitlement to schematic design through construction, firm wide sustainable design consulting, coordination and education for all project scales, building science development and alternative systems & materials research.

PERSONAL PROFILE

As one of the original associates at VMWP, Mr. Kloefkorn brings a mixture of experience in California, Colorado and Australia including furniture, interior design, commercial/retail, mixed-use, residential, multi-family residential, adaptive reuse and construction. He joined VMWP in 1998 and relocated to Colorado in 1999 to assist in establishing the new Denver office. He has been involved in projects ranging from Belmar, to Valencia Gardens Hope VI, to Civiq & Railyard Lofts, to affordable senior housing.

Mr. Kloefkorn specializes in affordable sustainable urban architecture. As the resource on sustainability at VMWP, he seeks to push the envelope on every project. He is an active chapter leader of the Northern California Chapter of the USGBC and currently serves as a Chair for the Residential Green Building advocacy Committee. Mr. Kloefkorn is active, professionally and in the community, to promote better human environments while decreasing the human impact on the natural environment. He is an advocate for affordable housing and for moving our profession from green to sustainable to regenerative design. In his spare time, Michael enjoys snowboarding, hiking, backpacking and flyfishing.
