Workforce Housing for Denver's Downtown Workers

Highlands Terrace Lofts is a 56-unit Work Force housing development located on a 1-acre infill block in an up & coming urban neighborhood. The 56 Workforce dwelling units sit on top of a 58 car below grade parking structure. All of the units have individual exterior entries that are oriented toward the surrounding residential streets. Views of downtown Denver are maximized for most of the units. The unit mix of 2 story lofts, townhouses, flats and penthouses range from 850 sq. ft. to 1,100 sq. ft and include 1, 2 and 3 bedrooms. The central parking podium roof acts as a semi-private garden courtyard. All units have private patios or terraces.

Design Features

- Urban density living in 13 buildings on top of a parking podium
- Close to shopping, transit, downtown and green open space
- Every dwelling unit has a exterior street front entry.

Green Features

- Adjacent to public transportation, shopping, work
- Effective use of cement fiber siding and fly ash concrete
- Advanced framing systems used throughout
- Drought tolerant landscaping
