

## RESUMÉ

### PROFESSION

- Architect NCARB, licensed in the state of Colorado
- LEED Accredited Professional, BD+C
- EcoDistricts® Accredited Professional

### EDUCATION

- University of Colorado, Denver, CO; *Master of Urban Design*  
Southeast University, Nanjing China; *Urban Design Studio*
- Pratt Institute, NYC; *Bachelors of Architecture*  
Central Academy of Fine Arts, Beijing China; *Pre-Fabrication Design Studio*

### FIRM RESPONSIBILITIES

Jeos has been involved in multi-family urban infill, adaptive reuse projects from concept design through construction documentation offering visual graphics, schematic design, code analysis, and consultant coordination. Jeos has also contributed on urban design projects providing physical needs assessments, site analysis, bulk plane studies, parking analysis and overall master plan design.

### PERSONAL PROFILE

Before applying himself to academics, Jeos served active duty in the US Air Force as a field engineer providing site planning, land surveying, and technical drafting support for Air Force bases at home and abroad. During college at the University of Colorado he worked for the Regional Transportation Department (RTD) as an urban design intern for the Capital Programs FasTracks team. Jeos was fortunate to collaborate on the design of the bus canopies for downtown Denver's Free MetroRide bus loop.

### PARTIAL PROJECT LIST

- 104th & Colorado Phase II: Thornton, Colorado
- Sunnyside Neighborhood Master Plan: Denver, Colorado
- St. Elizabeth's Place: Houston, Texas
- Center for Innovation & Technological Transfer: Vicksburg, Mississippi

### COMMUNITY OUTREACH

- Co-Chair; AIA Colorado Urban Design Knowledge Community 2019
- Urban Forest Initiative survey - volunteer 2019
- Downtown Denver 16th St Mall survey - volunteer 2016
- NAIOP Real Estate Challenge - Architectural Resource 2016

### COMPETITIONS

- ULI Hines Interdisciplinary Urban Design Competition - Minneapolis 2012
