

## RESUMÉ

### PROFESSION

- Architect, Licensed in the State of California #C38935

### EDUCATION

- California Polytechnic State University, San Luis Obispo, CA  
Bachelors of Architecture, 2015

### FIRM RESPONSIBILITIES

Camille's expertise includes site planning, building design, and consultant and city coordination. She has 5 years experience working on ground up and renovation retail projects, predominantly in the design and entitlement phases.

### PERSONAL PROFILE

Camille loves architecture and urban design for the opportunities to create vibrant places serving local communities. She is especially passionate about social and environmental sustainability and integrating nature into urban environments. Prior to joining VMWP, Camille worked at an architecture firm in Southern California repositioning under-utilized retail centers. Outside of the office, Camille fosters her interest in ecology through gardening, aquascaping, and fish keeping.
