### PERSONAL PROFILE

Stephen began his professional experience in the Bay Area with and has over 5 years practicing as a registered architect. During his time in the Bay Area, he developed an expertise in multi-family housing, primarily with high-rise and large scale projects sized over 200,000 sqft. Lessons learned from developing a variety of projects fed his passion for user-oriented design at the community scale, supporting some of the grassroots stakeholders in San Francisco. This work consists of pro bono services for United Playaz and West Bay Filipino Center in SoMa and advising on a STEAM program for Rosa Parks Elementary School.

As an instructor at the Academy of Art University, he aspires to build in his students an awareness of community needs, emotional connections to underserved users of design and to develop their own architectural styles rooted in positivity, thoughtfulness and sensitivity.
