

RESUMÉ

Talayeh Hamidya

Designer / Job Captain

PROFESSION

- Licensed Architect in Ontario, Canada

EDUCATION

- Berlage Instituut, Rotterdam, Netherlands; Master Class
- University of Waterloo, Waterloo, Canada; Master of Architecture
- University of Waterloo, Waterloo, Canada; Bachelor of Architecture

FIRM RESPONSIBILITIES

Research, design, coordination & production of architectural ideas for equitable, inclusive, healthy and resilient housing solutions

PERSONAL PROFILE

Talayeh started her professional experience as an intern in 2006 and since then she has worked internationally in variety of projects types, building systems and occupancies. During this time she has accumulated a hands on knowledge of design & delivery of single & multi-family residential buildings, cultural institutions, high-rise offices & public spaces. Her built projects include several high-end family houses (2012-2016), a 10,000 s.m infil urban park (2020), and a series of above ground subway facilities (under construction) which were developed in close collaboration with urban designers. She is particularly interested in design as an instrument for encouraging social equity, to this goal all aspects of design, from finance to sustainability are regarded as decisive forces.

VMWP PROJECT EXPERIENCE

- Timber Street Senior Housing Project, Newark, CA - 79 units of affordable senior and formerly homeless population
