

## RESUMÉ

### PROFESSION

- Architect, Licensed in Brazil (CAU)

### EDUCATION

- Universidade de Fortaleza; Bachelor of Architecture & Urban Planning, 2012

### FIRM RESPONSIBILITIES

Mariana has more than ten years of industry experience and has been involved in various projects, from concept design to construction administration, assisting with client relationships, drawings, code researches, and consultant coordinations.

### PERSONAL PROFILE

Before moving to the United States, Mariana had her own architectural office in Brazil, where she worked on various residential and commercial projects. After the move, she worked in different construction-related fields like building surveys, interior architecture, vertical transportation consultancy, and commercial and residential architectural projects. She is also a travel enthusiast and has been all around the world. All of that has given her a broader view of projects and creative problem-solving skills.

### VMWP PROJECT LIST

- Ella Rohlff's Place at St. Mark's Square, San Francisco, CA - *senior housing*
- Hover St., Longmont, CO - *affordable housing*
