

RESUMÉ

Pratibha Singh

Urban Designer

PROFESSION

- Urban Designer
- Licensed Architect in India

EDUCATION

- Columbia University, New York, NY; Master of Architecture and Urban Design
- Jamia Millia Islamia, New Delhi, India; Bachelor of Architecture

FIRM RESPONSIBILITIES

Pratibha assists in urban design and architecture projects of various scales ranging from master planning, feasibility studies and project conceptualization to design development of multi-family residential projects.

PERSONAL PROFILE

As an Urban and Architectural Designer, Pratibha has a passion for exploring integrated design solutions to create resilient, sustainable, equitable and transformative environments. Prior to joining VMWP, she worked in Nashville, Tennessee on a variety of urban infill projects ranging from mixed-use developments, cultural institutions, multi-family residential and affordable housing projects at different stages. Pratibha has previously worked as a spatial analysis and planning Research Assistant with Columbia University and as an Architect with government and private organizations in India. She now lives in Oakland, CA.

Pratibha enjoys traveling and feeding her curiosity towards the built environment, and takes great interest in understanding more about people, cities, systems and ecology.
