

RESUMÉ

Zuzana Skelton

Designer / Job Captain

PROFESSION

- Designer

EDUCATION

- Technical University in Vienna, Austria
Bachelor of Science in Architecture, 2016

FIRM RESPONSIBILITIES

Zuzana is currently assisting with design development documents of a mixed-use affordable housing project

PERSONAL PROFILE

Zuzana's architectural experience started in Europe where she worked on single and multi-family residential buildings while completing her Bachelor of Science in Architecture at the Technical University in Vienna in 2016. She moved to San Francisco in 2017 and continued her work in residential design.

Zuzana believes good architectural design can create sustainable, high-density housing for low-income families that is also aesthetically pleasing. She strives to achieve this by emphasizing functional amenities and maintaining a less is more ethos in building design.

When not in the office or project site, she enjoys traveling around the world with her family.
