EDUCATION

- University of California at Berkeley;
  M.Arch + M.C.P., 2009
- Rutgers University, New Brunswick NJ;
  BS Landscape Architecture, 2000
- Deep Springs College, Deep Springs, CA 1996

FIRM RESPONSIBILITIES

David is currently providing support on Roseland Village, a multi-family affordable housing development in Santa Rosa, CA

PERSONAL PROFILE

David has pursued his passion for environmental design and planning since the late 90's across a range of countries, climates, and development contexts, from big cities to small mountain towns and rural areas in the US, South America, China, and the Caribbean. When not at work, David is likely to be found playing with his family, working on their house, gardening, or some combination.
