

## RESUMÉ

### PROFESSION

# Aditi Gupta

Architect

- LEED GA
- Architect, Licensed in the State of California #C41975

### EDUCATION

- Virginia Polytechnic and State University, B.Arch, 2020

### FIRM RESPONSIBILITIES

Aditi is currently assisting in design and development of a variety of affordable housing projects. Their goal is to continue to understand the many complexities in multifamily housing, while gaining experience on different phases of a project to become a robust designer. They aim to learn and integrate sustainable practices throughout the process.

### PERSONAL PROFILE

Aditi has grown up in the U.S. and India. They had the opportunity to live/learn in Mexico and Germany during their tenure as a student at Virginia Tech. During their education, they realized the impact of architecture on a societal and political level and its potential to serve the betterment of the environment and the people.

They moved to San Francisco and fell in love with the city, landscapes and people. They also immediately noticed the housing crisis that has prevailed over California and the increasing need for affordable housing. After working for a few years on single-family residences, Aditi is excited to make a difference in VMWP to create better housing and foster communities.

Outside of work, they enjoy exploring the world through photography and travel. They are also a dancer and loves trying new food and activities.
