PROFESSION

- Architect, Licensed in the State of California, #C33990

EDUCATION

- University of Virginia: Masters of Architecture, 2006
- Stanford University: Bachelor of Arts, Human Biology, 2000

FIRM RESPONSIBILITIES

As an Associate and Architect, Elaine is involved with all architectural design phases of multifamily residential projects. Specializing in affordable housing, Elaine has led many teams on a variety of affordable housing projects in the Bay Area including: senior, homeless, supportive, family, teacher, veteran, and mixed-use affordable housing. She served as Project Architect on Victory Village which won the 2021 PCBC Gold Nugget Grand Award for Best Affordable Senior Housing.

PERSONAL PROFILE

Elaine is passionate about crafting human centered places and good community design, and has extensive experience both with physical design and engaging communities in the design process. She joined VMWP in 2018 to merge her residential architecture design skills with her interest in housing policy, planning and community design. Before joining VMWP, Elaine ran a residential architecture and community design practice and co-founded housing and transportation advocacy group. She holds a Master of Architecture from the University of Virginia and B.A. in Human Biology from Stanford University. She lives with her family in a historic structure that was the first post office of Palo Alto..
