RESUMÉ

Eric Sandoval

Job Captain

PROFESSION

- NCARB Licensure Candidate, State of California
- Certified Passive House Designer

EDUCATION

- 2016 - Bachelors of Architecture - California College of the Arts, SF

FIRM RESPONSIBILITIES

Eric brings 8+ years AEC industry experience and a positive attitude to the architectural process at VMWP. He is involved in working on schematic design and design development phases for Bay Area housing projects, working closely with the Project Architect and coordinating with consultant teams to create safe spaces that respond to needs of the community.

PERSONAL PROFILE

Eric believes that affordable housing has the ability to transform lives of people from all different backgrounds, providing opportunity for many underserved communities. He is dedicated to creating more affordable housing closer to people's daily destinations, reducing vehicle emissions, and promoting density.
