

RESUMÉ

Pamela Goode

Architect

PROFESSION

- Architect, Licensed in the State of California #26550
- LEED AP Homes

EDUCATION

- University of Texas at Austin; Bachelors of Architecture, 1990

FIRM RESPONSIBILITIES

Pamela is currently Project Architect on a 54 unit Senior Housing project in Fairfax, CA.

PERSONAL PROFILE

Pamela has called San Francisco home for over 25 years and feels a strong connection to the Bay Area and the people that have called San Francisco home for generations. She joined VMWP to work on affordable multi-family projects because she wants to contribute to providing solutions to the housing crisis. Pamela's interest in building starts at the beginning of the design process through construction. Her first job in San Francisco after graduating from architecture school was as a carpenter and this hands on experience has helped inform her construction understanding and communication. She appreciates all the players in the design and construction process and enjoys working with a team to make a project realized. Over the last 20 years she has focused her attention on sustainable building practices and works to integrate best practices into her work.

While not at work, she enjoys time with her family, spending as much time outdoors hiking, running, biking or sitting in the sun. She has served on the School Site Council of her children's public school, as well as serving as chair for the Howlin Moon 5K fundraiser run.
